

Therapy Wraps

- We offer both Re-Usable and Single Patient Use wraps to accommodate rehabilitation post surgically or in the physical therapy/athletic training environment
- Our wraps are scientifically designed to deliver a variety of therapies: cold, heat, compression and DVT Prophylaxis
- Wraps are Latex-free
- Wraps will not adhere and can be applied directly to the skin
- Wraps for all body parts

SINGLE PATIENT USE WRAPS

(designed for Post-surgical rehabilitation)

- Prevents cross-contamination
- Eliminates staff cleaning time
- Sterile and Non-steril available
- Insurance reimbursable

PREMIUM WRAPS

(Re-usable, ideal for Athletic Training or Physical Therapy)

- Cost effective
- Easy to use (Clean with soap and water)

Therapy wraps shown with VascuTherm Therapy unit.
